2D SHAPE NAMES

24

Trace

Trace

Write

Draw

circle

Three horizontal lines for writing practice: a dashed top line, a solid middle line, and a dashed bottom line.

triangle

Three horizontal lines for writing practice: a dashed top line, a solid middle line, and a dashed bottom line.

square

Three horizontal lines for writing practice: a dashed top line, a solid middle line, and a dashed bottom line.

rectangle

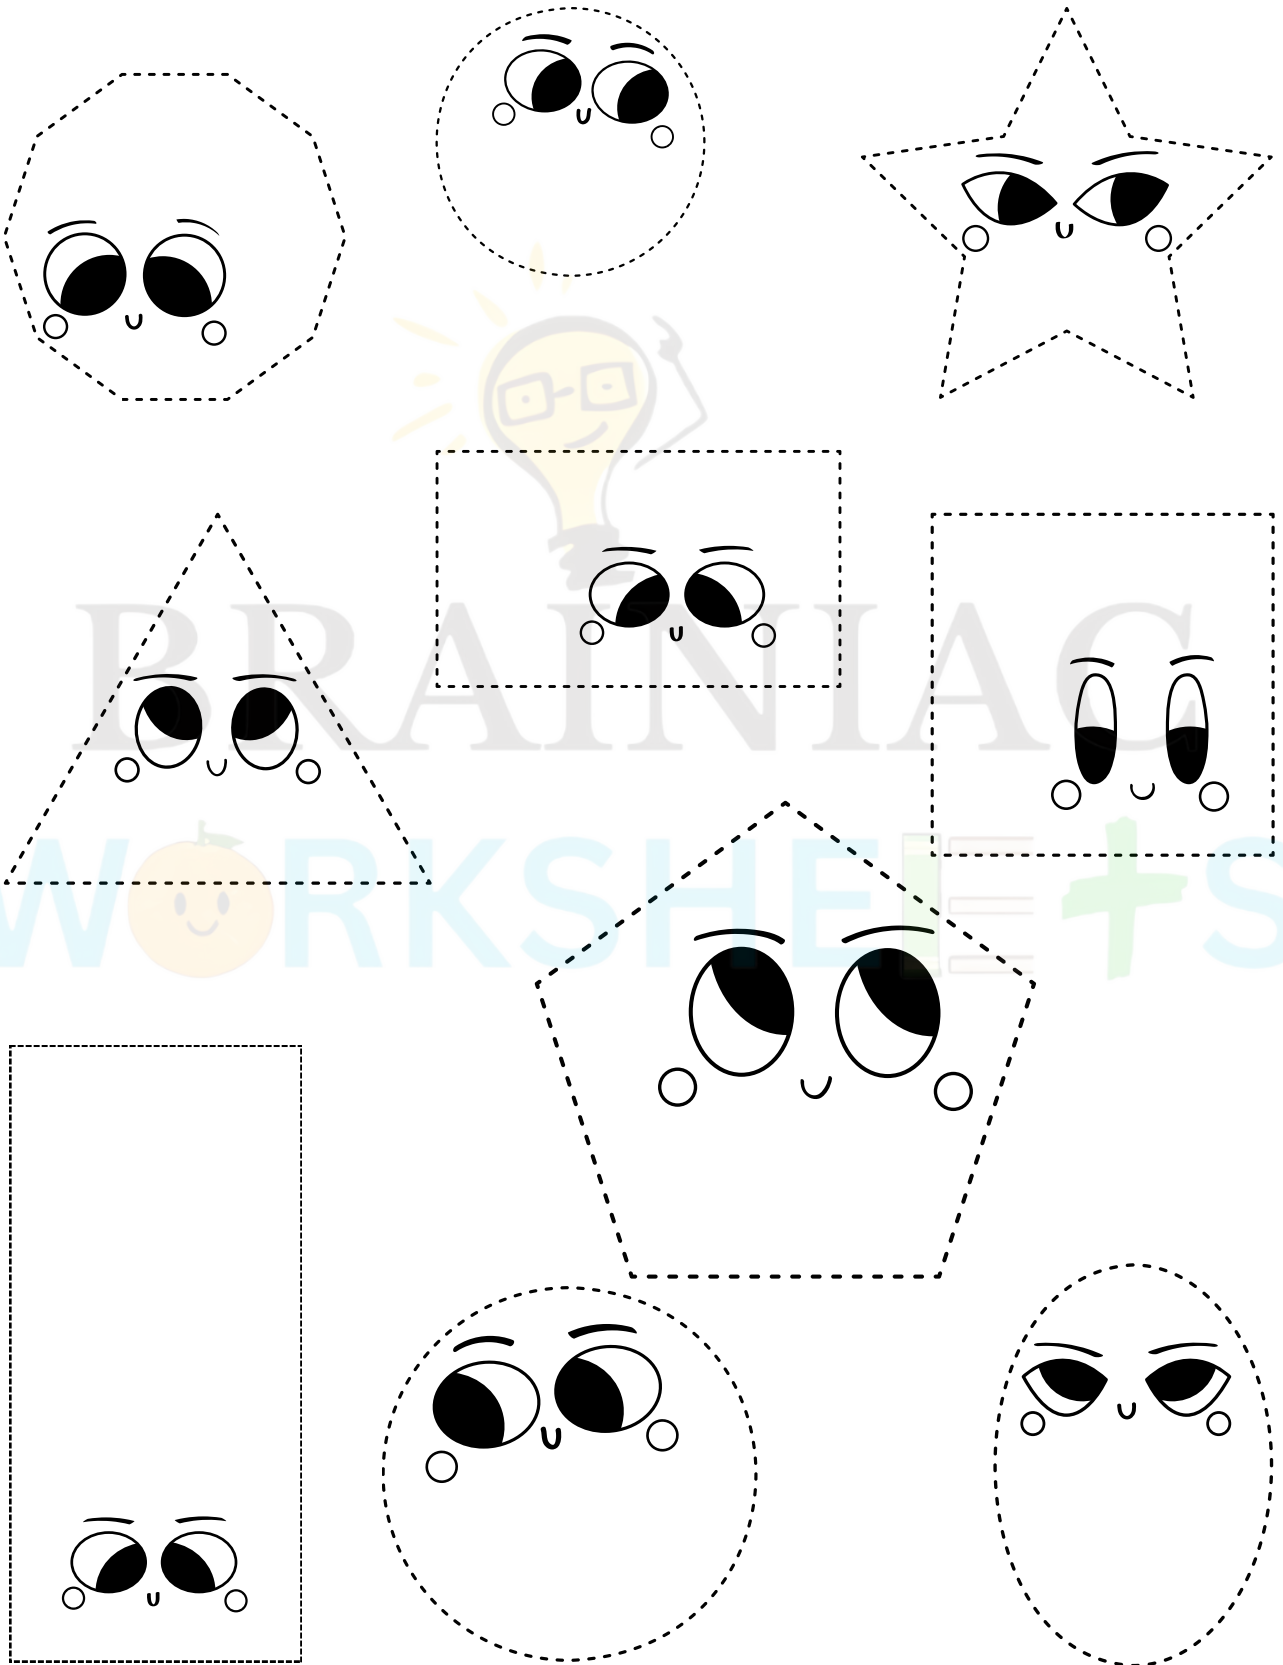

Three horizontal lines for writing practice: a dashed top line, a solid middle line, and a dashed bottom line.

2D SHAPE TRACING

24

2D SHAPE SORTING

24

Level: Easy

Instructions: Cut around the following shapes and glue them into their correct categories on the shape sorting page:

2D SHAPE SORTING

24

Instructions: Glue the shapes into their categories below:

Circle

Triangle

Square

Rectangle

2D SHAPE SORTING

24

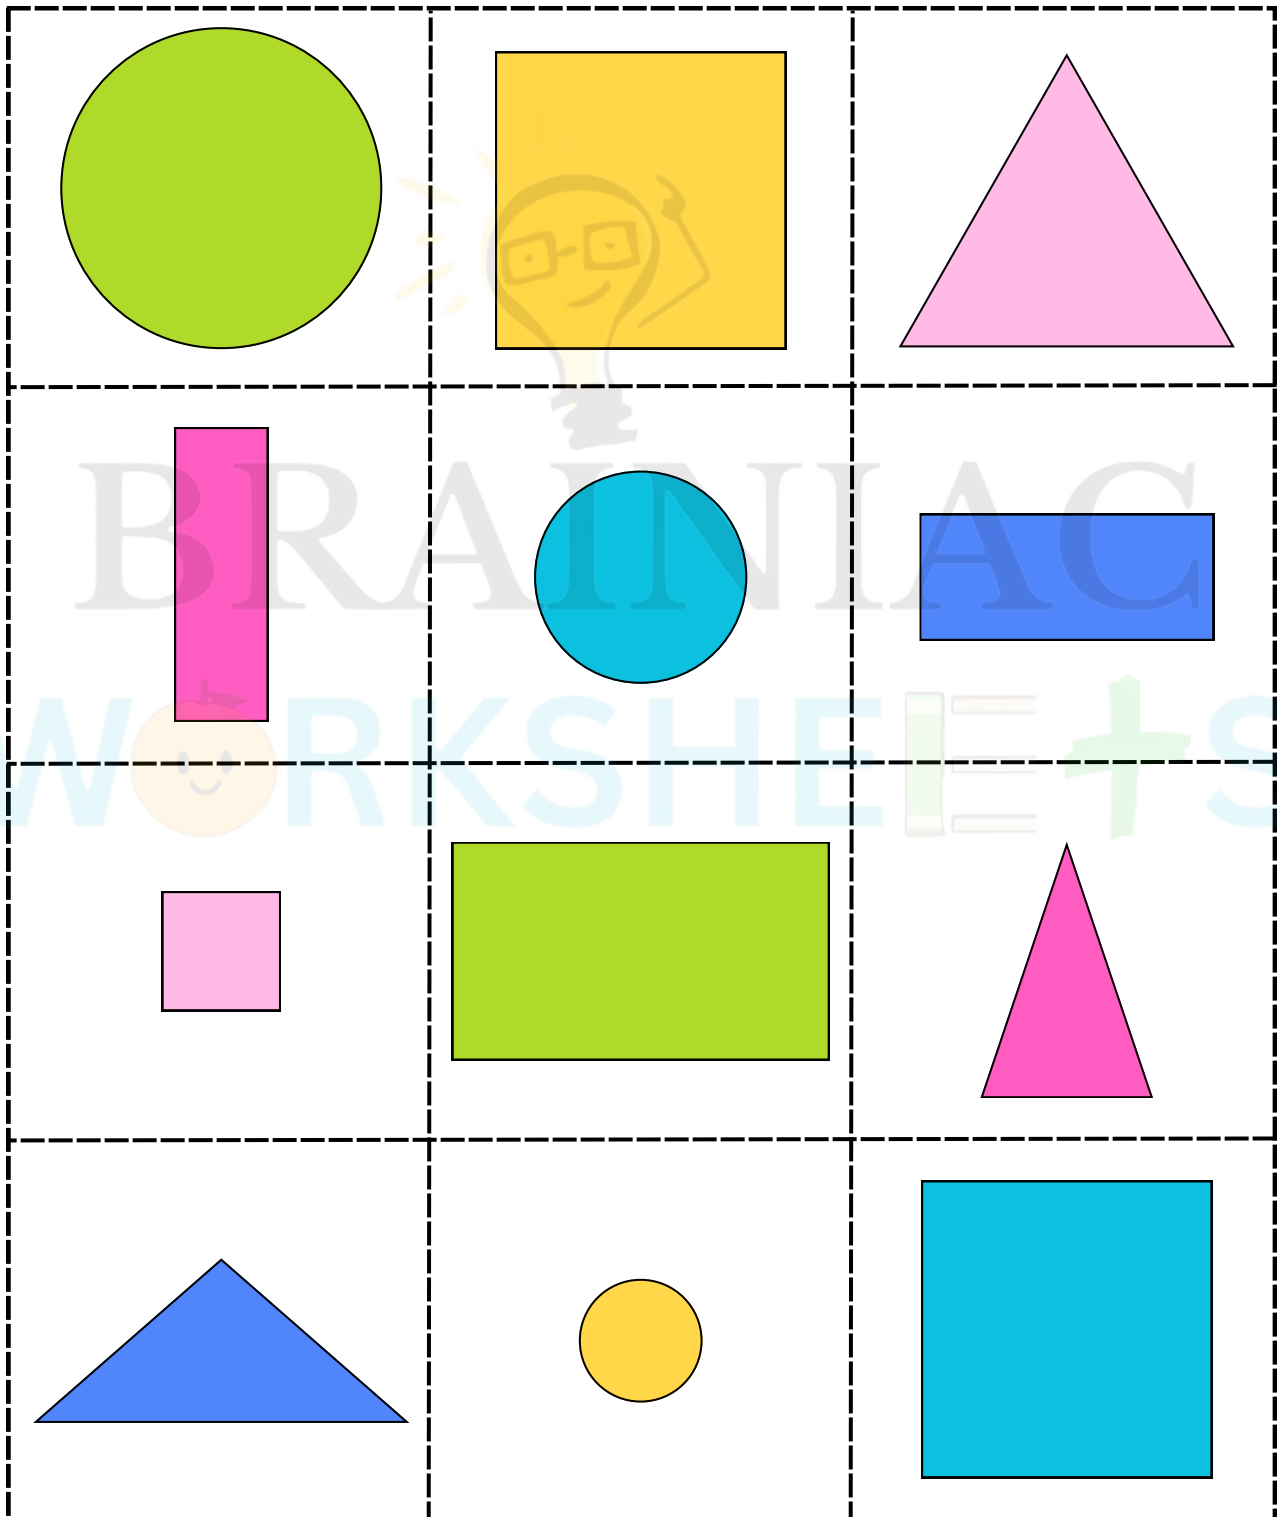

Instructions: Draw a line to match the shapes to their outlines:

2D SHAPE SORTING

24

Instructions: Cut out the following shapes and sort them according to their attributes: e.g. number of sides, colour, shape name, size etc:

2D SHAPE DRAWING

Level: Easy

24

Instructions: Draw the following shapes in the boxes below:

Circle

Triangle

Square

Rectangle

2D SHAPE DRAWING

Level: Challenge

24

Instructions: Draw the following shapes in the boxes below:

Oval

Star

Diamond

Pentagon

2D SHAPE DRAWING

24

Instructions: Call out a shape and ask students to draw it using the grid below:

2D SHAPE ATTRIBUTES

Instructions: Trace around the shapes below, and count and record the number of sides on each:

2D SHAPE RECOGNITION

Instructions: How many of the following shapes do you see in each image below?

Triangles:

24

Squares:

Rectangles:

2D SHAPE RECOGNITION

Instructions: Color the shapes with the following colors.

24

Circles: Yellow

Rectangles: Green

Triangles: Blue

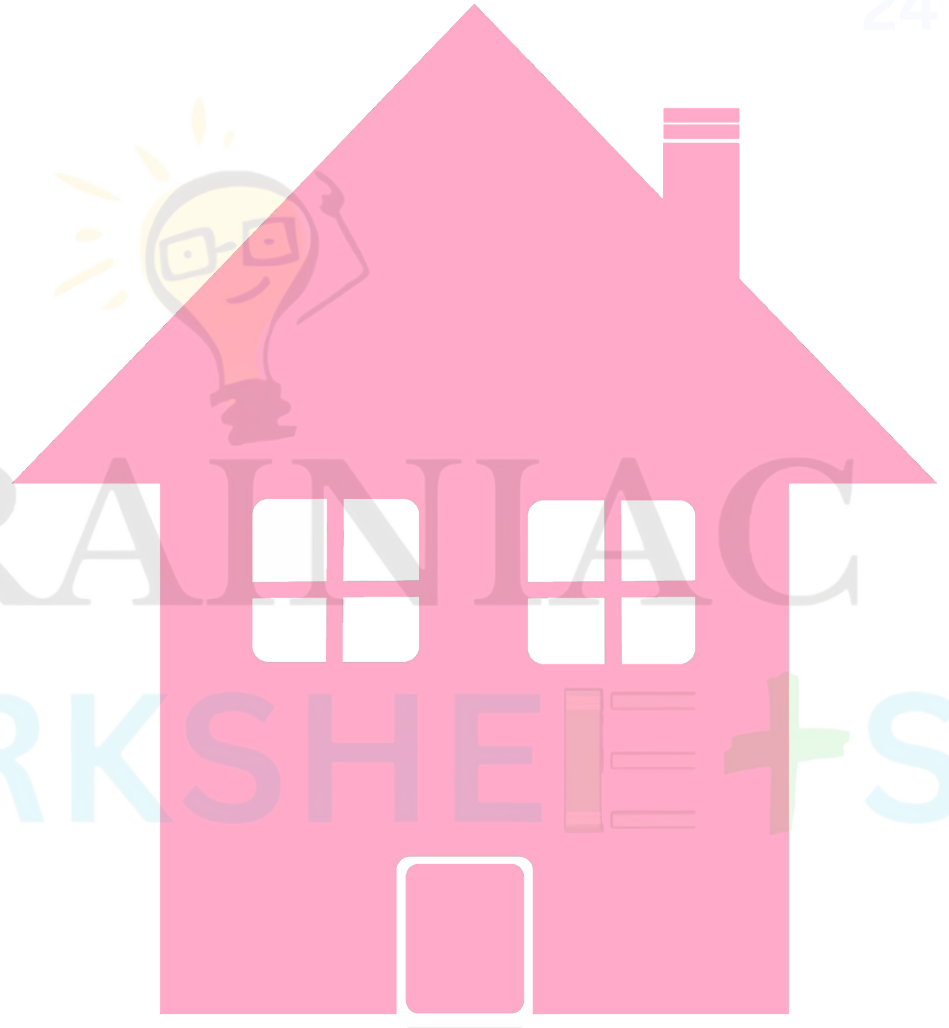

Squares: Pink

2D SHAPE RECOGNITION

Instructions: How many of the following shapes do you see in the picture below?

24

Triangles:

Squares:

Rectangles

Circles:

2D SHAPE RECOGNITION

Instructions: Circle all the triangles below:

24

2D SHAPE ACTIVITIES

24

Below are some additional activities you can do with the kids to introduce them to 2D shapes:

- Go on a hunt around your school to identify 2D shapes in the environment
- Model 2D shapes using materials such as clay, toothpicks, pencils etc
- Create shapes using students' bodies
- Use an electronic device to take photos of 2D shapes in the classroom
- Use a geoboard and rubber bands to create shapes
- Divide the class into groups to research all the attributes of a shape, and report back to the class
- Roll dice and have students draw a shape with the number of sides the dice lands on
- Class collects a variety of 2D shapes from within their classroom, and sort according to their attributes
