24

Carefully cut along the dotted lines to help strengthen your fine motor skills.

A stylized, colorful illustration of a video game controller, resembling a PlayStation DualShock 4. The controller is white with black outlines and features various colored buttons: a pink touchpad at the top, four square buttons (pink, yellow, cyan, and white) on the left, and four circular buttons (cyan, yellow, pink, and cyan) on the right. The analog sticks are cyan. The controller is surrounded by a dashed outline, indicating it is a template for cutting out. A faint watermark "BRUNNIA" is visible in the background.
